

Amateur Radio Club

Newsletter: July 2026

info@thurrockacorns.org

We have now received conformation from the Orsett Show team so we can confirm we will be running a station there. It is an excellent event which enables us to promote the hobby. We must accept it is a niche hobby with many not fully understanding the opportunities and different avenues that exist. Perhaps that is our fault for not promoting it properly. So please book the date in your dairy September 5th.

John G4LTH is the co-ordinator for this event. If you can help on the day to man the stand, please let him know.

We also have the Gurkha event at the Purfleet Heritage

A big thanks to Gary M5YRG and Peter M6RFW for co-ordinating this event. If you find you can help, please let them know. They will be pleased to see you.

If you are unable to attend one of the events but will be near a rig please give the station a call.

Do not forget: Friday net 19.00 hrs 145.500.
